

CHC Participant Acknowledgement Form For Nurse Advocacy and Other Care Navigation

Your employer wants to give you access to the tools you need to make informed decisions about your health. We are here to support and educate, so you and your healthcare provider can make the best decisions for you. Our team will work alongside your provider during this journey as well and encourage you to always seek the advice of your health care provider with any questions you may have regarding a medical condition or treatment, and never disregard professional medical advice or delay seeking attention.

As an employee, you are agreeing to receive communications from CHC including but not limited to phone calls, text messages, and email. You may opt out at any time by replying “opt out”, “stop” or “unsubscribe”.
